

# TRAIN HELD UP

On the Missouri Pacific Road  
Near Coffeyville.

The Daltons' Successors Have Begun  
Their Desperate Work.

The Messenger Opens the Door After Being  
Wounded—The Amount of Money  
Secured by the Robbers Is Be-  
lieved to Be Not Very Large.

KANSAS CITY, Oct. 14.—Missouri Pacific train No. 483 was held up between Tyro and Coffeyville Wednesday night. The news first came through a telegram sent to officers of the Pacific Express Co. Coffeyville, where on October 5 the bloody battle between the Dalton boys and citizens was fought. Ben and Wm. Dalton and many of their sympathizers have been loitering about Coffeyville for days. Tuesday Emmet Dalton was removed to Independence. Ben and William and their mother accompanied him. Since then nothing has been heard from them.

Assistant Superintendent Moore, of the Pacific Express Co., stated that the train held up was probably an east bound mixed train which reaches Coffeyville about midnight. If so no large amount of money was carried on the express car, he thinks. Mr. Moore had

## MAMMOTH TELESCOPE.

Chicago to Have One Much Larger Than  
the World's Greatest.

CHICAGO, Oct. 14.—Chicago is to have the largest and most powerful telescope in the world. It is the gift of Charles T. Yerkes to the Chicago university. A few gentlemen interested in astronomical research (and in the university as well), among them were Prof. George E. Hale and S. W. Burnham, saw the opportunity and stirred themselves in the matter.

The matter was brought to the attention of Mr. Yerkes. He opened closer communication with the gentlemen interested in the movement, begged to be told the details of it all, and when it had been put before him in the proper light, he said:

"Gentlemen, go ahead and build the finest and largest telescope on earth, and let it be equipped with everything that is needed to make it the best. When you have it all finished send the bill to me and I will pay it. Never mind the question of cost."

A week ago Alvin G. Clark, son of the world's greatest lens maker, came to Chicago and consulted about the great instrument. It will cost in the neighborhood of \$500,000. The instrument at the Lick observatory, at Mt. Hamilton, in California, is now the largest in the world. It is 36 inches in aperture. Chicago's telescope will have an objective 45 inches in diameter. This is an increase in size of 11 inches, almost a foot. It will bring the moon within the distance of a far-away mountain peak to the naked eye.

## TROOPS WITHDRAWN

The Last Vestige of the Camp at Home-  
stead Removed.

HOMESTEAD, Pa., Oct. 14.—The military espionage that has been kept over this town for 95 days came to an end Thursday morning. Almost the entire population of the town gathered to witness the departure of the militia, but there was no demonstration of any kind. At 9 o'clock every vestige of the camp was removed, and the men marched to Munhall station and boarded the special train which was in waiting. After the departure of the troops the crowd dispersed, and the town took on its wonted quiet. Gen. Wylie said to a reporter that, while no further trouble was anticipated, the troops would be held in readiness, and should circumstances require it they would quickly return to Homestead. Sheriff McCleary's force of deputies now number thirty men. Chairman Frick visited the works Thursday morning, but declined to be interviewed.

Medals for the Jeannette Survivors.

WASHINGTON, Oct. 14.—The ill-starred Jeannette Arctic expedition was recalled at the navy department, when there was presented Commodore Melville, chief of the bureau of steam engineering, one of the medals awarded by vote of congress to the survivors of the expedition. But one officer besides Commodore Melville is alive, R. S. Newcomb, the naturalist of the expedition. The six others are dead and their medals have been sent to their heirs. About a dozen of the twenty-five sailors of the party are supposed to be alive, and their medals will be sent to them when their addresses are known.

## Can Temper Aluminum.

QUEBEC, Oct. 14.—Blacksmith Allard, of Levis, who has discovered the secret of tempering copper, has tempered a piece of aluminum. The test was made at the demand of a New York firm. It took the Canadian inventor only thirty minutes to temper the piece of aluminum, which was originally as soft as lead. Abbe Inflammé, the renowned scientist of Laval University, examined the tempered metal and gave Allard a certificate to the effect that the aluminum was tempered as hard as steel could be.

## Missionaries Mobbed.

LONDON, Oct. 14.—A special dispatch to the Times from Shanghai states that a mob of natives attacked the English missionaries at Kiang Yung in Fukien. The residence of Rev. Mr. Phillips was set on fire by the mob and completely destroyed. Mr. Phillips and his wife had a narrow escape from death at the hands of the bloodthirsty mob and they would most likely have been killed had not some of the Chinese authorities intervened for their protection.

## Shocking Crossing Accident.

SHAMONK, Pa., Oct. 14.—A carriage containing A. D. Maxwell, two Misses Taylor and Miss Kate Houghawent was returning from Trevorton, and while crossing the Reading road near here an engine dashed into the carriage. Maxwell received fatal injuries, and Miss Sue Taylor and Miss Houghawent were terribly bruised. The former's sister was found under the wrecked carriage covered with blood. She can not recover.

## Judge Botkin Finally Gives In.

TOPEKA, Kas., Oct. 14.—Judge Teodosius Botkin, the leader of one of the factions which terrorized the Thirty-second judicial district, of which he was the judge, has resigned, putting an end, for a time at least, to the factional war that has been waged in and about Hugoton, Stevens county, for some years. Sam Wood, the noted Oklahoma boomer, was the leader of the opposing faction.

## Believed to Be the Guilty Trio.

NASHVILLE, Tenn., Oct. 14.—Noah Cooper was arrested Thursday and committed to jail in Fayetteville by the United States deputy marshals working up the murders of Col. C. S. Cardwell and Capt. Mather, the two officers waylaid and shot by moonshiners in Lincoln county a week ago. This makes the third arrest. A. J. Patrick and Morgan Petty now being in jail here.

## Brothers Shot.

WAUREON, O., Oct. 14.—A man named Clark shot Dan and Tom Berry, brothers, at Metamora, this county, during the sons of Veterans' reunion. One was shot three times, and will die. The other was shot twice.

## Father Davies Is Dead.

LONDON, Oct. 14.—Father Davies, of Baltimore, the priest to whose efforts is largely due the development of the Irish fishing industry, is dead.

## WORLD'S FAIR DEDICATION.

Ten Thousand People Expected at the  
C. Hall—To Close Streets to Traffic—Crooks  
Treated Without Ceremony.

CHICAGO, Oct. 14.—The work of decorating the buildings and otherwise actively preparing for the World's fair dedication was fairly under way Thursday. Fourteen hundred citizens of Chicago have already purchased tickets for the inaugural reception. The committee have received one thousand acceptances from distinguished guests, and it is estimated that ten thousand people will be present at the hall. The order to close the downtown streets to traffic for two days caused a storm of protests from hotel men, express men and others. Mayor Washburne nevertheless remained firm, and sticks to his order outside the business districts. A temporary viaduct on Michigan avenue will, however, pass the big procession over one cable line without stopping the street cars. It is reported that Chief of Detectives John Shea has established a tacit understanding with the judiciary that no habeas corpus writs in the cases of known crooks will be issued next week. All thieves and thugs, as far as possible, will be jailed on sight, and held without booking, this extraordinary measure being resorted to on the theory of "an ounce of prevention." Another matter sharply challenging attention was a letter Thursday from Gen. Fitzsimmons flatly declining to comply with a suggestion from Gen. Miles that the Chicago militia regiments parade without their rural comrades, for whom the state has failed to provide transportation.

## ANARCHIST BERGMAN'S

Desperate Effort to Break Out—He Jumps  
Forty Feet.

PITTSBURGH, Pa., Oct. 14.—A desperate attempt was made last Saturday evening by Anarchist Bergman who is confined in the western penitentiary, at Woods Run, Lower Allegheny, for assaulting Chairman Frick, to escape from that institution. It was 6 o'clock when the prisoners were marched from the work shops to their cells. Bergman was in the middle line from the mat shop. Just as he reached a short platform leading up to the top of the wall surrounding the prison, where the guards are stationed, he made a dash for liberty. He gained the wall, and without stopping to see what was on the other side he jumped. He landed on the brick pavement, forty feet below, apparently unhurt.

As he picked himself up and tried to stagger away, Guard Young, who was some distance away, brought his gun to bear. He hit Bergman in the leg and brought him down. Several stone-masons, who had been working on some new buildings opposite, saw the prisoner jump, and, rushing over, held the anarchist until the officers came around by way of the gate. Bergman, it is said, is now in the hospital with a broken leg. The prison officials deny that any attempt to escape was made. They say Bergman is sick in the hospital.

## Riot on a Train.

KOKOMO, Ind., Oct. 14.—While returning from the democratic barbecue, at Peru, several terrible fights occurred on the train near here, in which four Kokomo men were badly hurt, and one, James Kelly, was fatally injured, being shot in the region of the heart by one of the mob. George Conwell, a wealthy farmer near town, received a ghastly scalp wound by being struck by a bowlder. A number of revolver shots were fired, and several persons were wounded.

## Strike of Electrical Workers.

CHICAGO, Oct. 14.—The advisory committee of Local Union No. 9, of the National Electrical Workers, called out on strike Thursday all employees of the Chicago Edison Co., Western Electric Co., Ome Co., Harter Co. and the Comstock Co., about 250 men. The trouble was caused by the refusal of the companies to sign the new agreement presented by the advisory committee, which calls for eight hours work at the old scale of wages, and for all overtime as time and one-half.

## Result of an Unfortunate Love Affair.

MUNCIE, Ind., Oct. 14.—Thursday morning, Frank Watson, a popular young man, aged 25, choked to death with quinsy. He was a graduate of the Muncie high school, the oldest son of W. W. Watson, one of Delaware's wealthiest citizens. The parents of a prominent young lady near Muncie objected to Mr. Watson's taking their daughter's hand in matrimony, and he began drinking excessively, and his death is the indirect result.

## Death of a Count in New York.

NEW YORK, Oct. 14.—Death ended here Thursday morning the exile in foreign land, of Count Adolph Norrkow, of Russia Poland. Cast out by the czar, deprived of his riches, his home and kin, and finally in old age, deserted by friends and family, the heart-broken and disease-racked nobleman passed away. The "dead-carriers" of Bellevue carried the body out of the house of misery and down to the morgue on the banks of the East river.

## West Virginia Knights of Pythias.

PARKERSBURG, W. Va., Oct. 14.—At the conclusion now in session of the West Virginia Knights of Pythias, at Wheeling, the Parkersburg division won the first prize of \$125, and Capt. S. B. Baker was given the sword and belt for making no errors.

## No Attack at Coffeyville.

KANSAS CITY, Mo., Oct. 14.—A late dispatch from Coffeyville, Kas., says that no attack on the town by the sympathizers of the Daltons has been made. A number of armed men, however, are about the town and the danger is by no means over.

## March Daily Boys Rapidly.

DANVILLE, Ky., Oct. 14.—W. E. McAfee, of this county, has sold to La-grande Lucas, agent for Marcus Daly, the Montana millionaire homestead, the fourteen-year-old mare Rapidan for \$5,000.

## The Cholera at Hamburg.

HAMBURG, Oct. 14.—The number of fresh cases of cholera, Thursday, was 16; the number of deaths, 7; the number of burials, 119. The hospitals contain 662 patients.
